Rate changes for services receiving only federal funds

This *Wisconsin Medicaid and BadgerCare Update* describes changes to the federal share reimbursement rates for the following services:

- Community support programs (CSP).
- Crisis intervention.
- Mental health and substance abuse outpatient services in the home or community.

Changes to federal share

On April 1, 2003, the federal share increased from 58.43% to 61.52% for the following services:

- Community support program (CSP) services.
- Crisis intervention services.
- Mental health and substance abuse outpatient services in the home or community.

This increase is effective for claims processed and paid April 1, 2003, through September 30, 2003.

Effective for claims processed and paid on and after October 1, 2003, the federal share for the services listed above will decrease from 61.52% to 61.38%. Wisconsin Medicaid will pay only the federal share of the contracted rates for these services.

Automatic claim adjustments

Wisconsin Medicaid will automatically adjust claims that were processed and paid at the lower percentage from April 2003 through September 2003. Providers do not need to request an adjustment.

Contracted rates remain unchanged

The contracted rates for CSP services, crisis intervention services, and mental health and substance abuse outpatient services in the home or community services remain unchanged.

The contracted rate is the uniform rate determined by the Department of Health and Family Services and required by the Medicaid state plan.

Updated fee schedules

Refer to Attachments 1-3 of this *Wisconsin Medicaid and BadgerCare Update* for the updated Wisconsin Medicaid fee schedules.

Information regarding Medicaid HMOs

This *Update* contains Medicaid fee-for-service policy and applies to providers of services to recipients on fee-for-service Medicaid only. For Medicaid HMO or managed care policy, contact the appropriate managed care organization. Wisconsin Medicaid HMOs are required to provide at least the same benefits as those provided under fee-for-service arrangements.

The *Wisconsin Medicaid and BadgerCare Update* is the first source of program policy and billing information for providers.

Although the *Update* refers to Medicaid recipients, all information applies to BadgerCare recipients also.

Wisconsin Medicaid and BadgerCare are administered by the Division of Health Care Financing, Wisconsin Department of Health and Family Services, P.O. Box 309, Madison, WI 53701-0309.
